Produced by the United States Geological Survey
Control by USGS and NOS/NOAA
Orthophotomap prepared from high-altitude aerial photographs taken Oct. 24, 1971. Topography by planetable surveys 1973
Selected hydrographic data compiled from USC&GS Chart 1271(1972)
This information is not intended for navigational purposes
Projection and 10,000-foot grid ticks: Louisiana coordinate system, south zone (Lambert conformal conic)
1000-meter Universal Transverse Mercator grid ticks, zone 16, shown in blue. 1927 North American datum
The difference between 1927 North American Datum and North American Datum of 1983 (NAD 83) for 7.5-minute intersections is given in USGS Bulletin 1875. The NAD 83 is shown by dashed corner ticks
All or part of this quadrangle lies within a subsidence area
Where omitted, land lines have not been established or are not shown because of insufficient data
