Mapped, edited, and published by the Geological Survey

Control by USGS and USC&GS

Planimetry by photogrammetric methods from aerial photographs taken 1965. Topography by planetable surveys 1967
Supersedes map dated 1935–52

Selected hydrographic data compiled from USC&GS Chart 1269 (1967)
This information is not intended for navigational purposes

Polyconic projection. 1927 North American datum
10,000-foot grid based on Louisiana coordinate system, south zone
1000-meter Universal Transverse Mercator grid ticks,
zone 15, shown in blue

Red tint indicates areas in which only landmark buildings are shown

All or part of this quadrangle lies within a subsidence area

Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked
